

"FOLLIES OF THE DAY" IN HOBOKEN'S BURLESQUE HOUSE, THE EMPIRE.

"Follies of the Day" is the title of a very creditable burlesque show being presented this week at the Empire Theatre, Hoboken, three minutes from the Hudson Tunnel Station. Sam Sidman and Gertrude Hayes present an exceptionally well staged and cleverly presented sketch entitled "What Does the Public Want?" in which Belasco, Hammerstein, Cohan and Al Reeves are impersonated.

The production is replete with good music, really-pretty girls, a lot of good clean humor and many new ideas. The scene in which the im-

personators meet outside the Columbia Theatre on Broadway and discuss the production of a masterpiece is a bit of realism seldom seen outside of the legitimate.

William P. Fitzgerald, manager of the Empire, believes in keeping up with the spirit of the times. Tonight, for instance, Hoboken Women Suffragists will be given an opportunity to be heard. Between acts they will be accorded the privilege of the stage and they expect to make many converts. The meeting of the Suffragists will be under the direction of the Equal Franchise League. It is announced that Wenona Martin, a famous agitator for women's rights, will speak. On Friday night there will be a waiting contest in connection with the performance, and every would-be rival of the Vernon Castle west of the Hudson River will be entered. There are no empty seats at the Empire.

SWINDLER TRAPPED ROBBING WOMAN BY TRIO OF "SHADOWS"

Detectives Casman, Gaynor and Muggi were on Delancey Street last night when they recognized Max Levine, twenty-five, an old offender with numerous aliases. They followed him to Jersey City where he boarded a train for Paterson, the three sleuths at his heels. On Market Street, Paterson, Levine entered several jewelry stores and finally went into one owned by Max Meislin, at No. 148 Market Street.

Through the window they watched him buy a ring for \$4.50 and tender Mrs. Meislin a \$10 bill. When she went to the rear of the store for change the detectives saw Levine substitute the ring for one later found to be worth \$107 and also saw him pick up two chains worth \$15 each.

Getting his change from the unsuspecting woman, Levine quitted the store and took a car for Hoboken. The detectives followed and then through the tube to the Hudson Terminal. There they arrested him on a technical charge of picking pockets.

"Picking pockets!" exclaimed Levine, in disgust. "Why, look at my record—I wouldn't descend to that!"

The Paterson police were notified and the jeweler learned of his loss for the first time. He came to New York and identified the jewelry found on Levine. The man was held by Magistrate Appleton in Centre Street Police Court to-day on a charge of grand larceny.

LOVE AMONG THE ROSES ENDS IN AN ELOPMENT

It wasn't in a garden that Jack Trepel first met pretty, petite, golden-haired Mae Komicko. But it was love among the roses just the same. Mr. Trepel is general manager of Trepel Bros.' eight florists shops in Brooklyn. Miss Komicko, who is twenty, lives with her parents at No. 1643 Hatch Avenue, Ozone Park, L. I.

Just a year ago Miss Komicko, on her way to a dance, stopped in Trepel's store and her escort bought some roses for her. He introduced her to Jack and the florist fell in love at first sight. He got a ticket for the dance and danced his way into the heart of the girl from Ozone Park.

Miss Komicko was graduated from Erasmus High School and Trepel from the Boys' High School of Brooklyn. They went to many dances and won many prizes. On Feb. 15 they eloped. Only last night their respective parents found it out. There was the usual stormy scene, the usual forgiveness, and this morning their marriage was announced.

The elopement was strictly up to date. The bride-to-be borrowed her father's big touring car and the chauffeur was bribed to carry the young couple to Union Hill, where they were married. They continued to live at their respective homes and the secret did not leak out till last night.

Wounded 97 Times.

What It Means in This War.

The men in this war of the nations are showing a devotion to country, which is as great and self-sacrificing as the patriotic devotion of the Japanese in 1904. A major in the French Army Medical Service was wounded ninety-seven times, and expects to go back to the front. The majority of the injuries are slight and men go back to the front and fight again and again. Courage is a matter of good blood and good digestion. More men are invalided home through sickness and the hardships of living in the trenches than are sent back on account of wounds.

An imitation of nature's methods of restoring wasted tissue and impoverishment of the blood and nervous force is used when you take a glyceric extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or, rather, takes from the food just the nutriment the blood requires. It overcomes gastric irritation, irritability, and symptoms of indigestion. By driving out the poisons from the system the blood is purified. Dr. Pierce's Medical Discovery purifies the blood and entirely eradicates the

poisons that breed and feed disease. It thus cures eczema, eczema, boils, pimples and other eruptions that mar and scar the skin.

Pure blood is essential to good health. The weak, run down, debilitated condition which so many people experience is commonly the effect of impure blood. The "Discovery" not only cleanses the blood of its impurities, but it increases the activity of the blood-making glands and enriches the body with an abundant supply of pure, rich blood. Every day the man or woman must manufacture a pint of rich arterial blood that is stimulating to the brain, and that can rebuild the tissues that were destroyed in yesterday's work. This tonic and nerve builder can be obtained in neither liquid or tablet form.

Disease germs are on every hand. They are in the very air we breathe. A system "run down" is a prey for them. One must have vital force to withstand them. Vital force depends on digestion—on whether or not food nourishes—on the quality of blood coursing through the body. This is the time to take Dr. Pierce's Golden Medical Discovery.

If you want to know all about yourself in health or disease, write Dr. Pierce, Invalid Hotel, Buffalo, N. Y., and send him three dimes for his 1,700-page Common Sense Medical Advisor in cloth binding, fully illustrated.—Advt.

ANNIVERSARY FURNITURE SALE

This marvelous sale is our way of thanking people with our customers. Everything in our enormous stock is being sold at prices less than regular wholesale prices. Let us start you housekeeping New.
